HR Manager

Mr. Silviu Stăncioiu

Dacia Boulevard 56

Bucharest, IF, Romania

Dear Mr. Silviu Stăncioiu,

I am writing to apply for the position of a University professor to teach Database, as seen on the official University website few days ago. Please see my attached CV!

I recently completed two advanced courses to be able to teach students databases, and I can say that I am ready to use my acquired skills. I am interested in this position because I want to attract people to this field. The world needs specialists in this field, and I believe that I can lead to their training. This area is a very well paid one due to its very high difficulty.

I am aware that there are many candidates for this position, but as you can see in the attached CV by me I was nominated the best student at the Faculty of Mathematics and Computer Science in Bucharest, obtaining the highest grade in each exam.

Thank you for considering my application. I would be very grateful to discuss this opportunity further.

Sincerely,

Popescu Paullo Robertto Karloss
