Dear Mihai,

It's been a while since I've heard anything from you. What are you doing? How are things back home? Is everything alright? I have to admit, I want to see you again. I had a pretty busy period at college, a lot of deadlines, exams, etc. I'm sorry we can't talk face to face right now. I just saw some pictures of you and your mom on Facebook today, you look great my friend!

My back has recovered successfully. Doctors said that I have no problems with my spine anymore. Last week I started to go to gym again with my girlfriend. I'm so happy!

I have to tell you also that I finally managed to get an internship at Bitdefender. It was quite difficult but I successfully passed all 3 tests. Now I can give you a free antivirus license! Haha!

P.S: Please write me back ASAP!

Best wishes,

Robertto
